Charter Flight Operation Organization chart

Time Schedule for New flight Operation

- ✓ Submit Charter application to JCAB
- ✓ Complete Safety Audit to JCAB
- ✓ Obtain Slots
- ✓ Search and contract with ground handling company / security company etc

For example:

If the Airline wishes to operate from March 15th, but the ground handling company can only prepare manpower for customer service operation (check-in etc) from April 1st, then we will complement insufficient part until April 1st, and the Airline can operate from March 15th as initially planned.

- Foreign Airlines don't have any office in Japan, and have no idea where to ask for support.
- All the necessary documents are written in Japanese.
- The invoices are only written in Japanese, and can't understand what invoice it is.
- It is a complex procedure for international remittance.

Air Charter Japan will provide further support with our "Management Service"
